

i2i Introduction to INNOVATION

Nov. 8. 2017

Gordon Center for Research in Medical Education

1120 NW 14 ST, 1ST FLOOR

www.miamictsi.org/i2i

»» ABOUT

Networking, lectures and interactive panel discussions on the process of innovation and commercialization in translational research, featuring leading translational research scientists, legal experts and experts in industry-academic collaborations and technology transfer.

All faculty, students, and researchers are encouraged to come and connect with others who share a passion to grow a culture of innovation at UM.

»» SCHEDULE OF EVENTS
